### MAPLES

**NORWAY Maple** for lining the sides of lanes and road, for the lawn, for streets, for protecting the house from sun and weather and for real permanent worth in landscape planting there are no other trees so thoroughly valuable as the Norway Maples. They are at home in almost any situation, without regard to soil or climate. The Norway Maples in our nursery have straight trunks, with well-rounded and symmetrical heads. They have been properly cared for by cultivation and by pruning, and are superior in every way.
